### Key Ingredients

- **HEATWAVE TECHNOLOGY<sup>®</sup>** works as a catalyst to deliver heat into the cortex of the hair shaft while protecting the cuticle. This allows the style to be set more deeply into the hair, providing long-lasting style retention. The heat transfer locks peptides and proteins to the hair's S-bonds, effectively controlling the very structure of the hair shaft. Heat-activated conditioners and nutrients protect and soften hair during heat styling.
- Exotic **Amazon Oil<sup>®</sup>** of Maracuja (Passion Fruit), Brazil Nut and Buriti provides hair essential lipids, oligopeptides and fatty acids. Rich in vitamins and minerals to maintain healthy hair.
- **Black Cacao**, found only in the Venezuelan region of the Amazon and loaded with polyphenols, provides extensive antioxidant properties.
- **StrandGuard Complex<sup>®</sup>** protects hair from environmental factors that can fade color and cause premature degradation of the hair structure.
- **Certified Organic Extracts** add softness and shine.
- **Paraben-Free, Vegan** formula.
